

Black Friday Shopping

Lucky us...black friday offers bargains galore!

Below are 5 of my best tips for making sure your shopping day is productive and successful:

1. Map out your shopping route. *(Don't forget that online stores also offer Black Friday deals.)*
2. Bring the printed store ads with you to give you bargaining power.
3. Leave the kids with their dad or a sitter.
4. If you like it, grab it...THEN decide if you will keep it.
5. Stay focused...Keep moving to find what you came for.
