

# Your Child's History

from Birth to Graduation

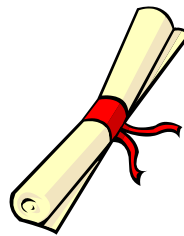

1. **Under-Bed Box** = This box is your child's treasure chest. It has limited storage so be very selective. Collect and store preferred memorabilia such as:

- A favorite toy
- A favorite item of clothing
- A favorite book
- A pair of baby shoes
- Scouting Bandello
- Award Ribbons
- Trophy
- Etc.

2. **Portable Hanging File Box** = There are 2 types of school papers you should keep. Those that: 1) are your child's firsts & bests and 2) will be beneficial for future portfolios or resumes. Organize all saved paper type items into a loose chronological order in a portable hanging file box.. One box per child. Be sure to mark each paper with your child's age, name or initials. Labeling options include, but are not limited to:

- Birth → Preschool
- Kindergarten → Third Grades
- Fourth → Sixth Grades
- Middle School/Jr. High Grades
- High School Grades
- Report Cards
- Awards & Certificates
- Cards & Letters
- Sacred
- Scouting

3. **Photo Album** = Pictures are contained in a photo album OR photo box of your choice & labeled as time permits either chronologically or by topical categories.

**The above noted containers can be presented and looked trough at a “this is your life party” within a month of your child’s high school graduation. Reminisce about the good ol’ days together and celebrate your graduate’s hopes of days to come.**
